
Outdorable 3 Pc Water Play Package

Empowering Early Learning Through Nature-Based Water Exploration

Product Summary

This modular water play set invites Tamariki to explore flow, force, and natural materials through hands-on experimentation. With a sloped riverbed table, water tub, and child-powered hand pump, it supports open-ended learning without the need for plumbing or external water supply.

Developmental Benefits

- **STEM Learning:** Explore gravity, flow, and cause-effect relationships
- **Cognitive Growth:** Problem-solving through damming, diverting, and pouring
- **Motor Skills:** Strengthens hand-eye coordination and fine motor control
- **Social-Emotional Learning:** Fosters cooperation, resilience, and shared discovery
- **Language Development:** Rich vocabulary through sensory and imaginative play

Key Features

- **Child-Friendly Hand Pump:** Recirculates water for endless play
- **Riverbed Table with Diverters:** Encourages experimentation with sticks, rocks, and leaves
- **Durable Timber Construction:** Made from Accoya® — eco-certified and built to last
- **Standalone Setup:** No plumbing required

Sustainability & Safety

- Crafted from **biogenic, eco-certified timber**
- Backed by Outdorable's '**Last for Good**' Guarantee
- Designed in **New Zealand**

Specifications

- **SKU:** 16038-3
- **Setup:** Riverbed table arrives assembled; water tables require leg mounting
